

NATURE'S PHARMA
Healing Skincare

REcapture II
with Amino Acids, DHEA, Melatonin & Vitamins
100% All Natural Formulation

REcapture II, Natural Anti-Aging Cream with Amino Acids, DHEA, Melatonin, and Vitamins is powerful advanced combination of Amino Acids, DHEA, Melatonin, and Vitamins, formulated to stimulate as Human Growth Hormone (HGH) precursors the pituitary gland to produce and secrete more natural HGH.

- Our unique US patented technology allows us to produce a stable Natural Anti-Aging Cream with Amino Acids, DHEA, Melatonin, and Vitamins in the form of the water-soluble triple emulsion with high transdermal penetration active ingredients through the skin. This formulation delivers more than 5 times the amount of Amino Acids, DHEA, Melatonin, and Vitamins, in normal, dry, and sensitive skin compare with oral administration. These levels cannot be achieved by oral administration without severe side effects.

- Amino acids work as bodybuilding blocks, protectors of the cells, alleviators of pain, generators of ecstasy, the sex food for fulfillment and guardians of health. In fact the whole process of well being, depends on them. They can shield us from the modern world's menaces of radiation and pollution, and can definitely present a way to combat the aging process. Free amino acids can help us against allergies and autoimmune diseases, and can chelate the heavy metals in our body.

- DHEA (DeHydroEpiAndrosterone) is a natural steroid hormone produced from cholesterol by the adrenal glands. DHEA is chemically similar to testosterone and estrogen and is easily converted into those hormones. DHEA is the magical fountain of youth often trusted by people for healthier aging process and increased longevity. Levels of DHEA in the body are changing throughout life. DHEA levels are lower in unhealthy aging individuals, compared to their more healthy counterparts. DHEA is useful for treatment of arthritis, lupus, Parkinson's, multiple sclerosis, inflammatory bowel disease, thyroid problems, herpes infections, stress, depression, allergies, and hormone imbalances. It has been used successfully for building lean muscle mass and has positive effects on collagen and skin integrity.

- Melatonin is a neuro-hormone produced in the brain by the pineal gland, from the amino acid tryptophan. Melatonin has been used to ease insomnia, combat jet lag, protect cells from free-radical damage, boost the immune system, prevent cancer, and extend life. The synthesis and release of Melatonin are stimulated by darkness and suppressed by light, suggesting the

involvement of Melatonin in circadian rhythm and regulation of diverse body functions. Levels of Melatonin in the blood are highest prior to bedtime.

- Melatonin as hormone works by regulating the internal clock that is associated with successfully bringing sleep to the body without suppressing or delaying sleep. As Melatonin is excreted by the pea-sized gland called, the Pineal Gland it has a great influence on our well being, health, and longevity.

Natural Anti-Aging Cream with Amino Acids, DHEA, Melatonin, and Vitamins containing Amino Acids, DHEA, Melatonin, Vitamins, and natural biological active ingredients has high healing efficiency without adverse side effects and may use for dry and sensitive skin.

Natural Anti-Aging Cream with Amino Acids, DHEA, Melatonin, and Vitamins:

- promotes younger looking skin
- slows the ageing process
- removes wrinkles
- increases muscle mass
- enhances sexual performance
- increases immune function
- improves memory
- improves vision
- enhances energy levels

Studies show that natural powerful complex of Amino Acids, DHEA, Melatonin, and Vitamins applied **topically is 85-90%** greater than when taken **orally**.

Directions: Apply to a clean face and neck the value of a ½ teaspoon (or 2.1 g) twice daily, morning and evening 30 and/or 45 minutes before or after eating.

Precautions: To be used only by adults. Do not use in case of pregnancy, nursing, taking any medication, or have a medical condition.

100% Natural Ingredients

Active Ingredients: Amino Acids* 10%, DHEA 1.5%, Melatonin 0.1%. * (L-Arginine 1.5%; Isolucine 1%; L-Glycine 1.5%; L-Glutamine 1.5%; L-Lysine 1.5%; Ornithine 1%; Proline 0.75%; L-Tyrosine 1.5%; L-Valine 0.75%).

Other Natural Ingredients: Blackcurrent (*Ribes Nigrum*) Seed Oil, Borage (*Borago officinals*) Seed Oil, Burdock (*Arctium Lappa*), Chamomile (*Chamaemelum Nobile*), Primrose Oil, Safflower Oil, Siberian Ginseng (*Eleutherococcus Senticosus*), Vitamin B5 (*Pantothenic Acid*), Vitamin B6 (*Pyridoxine*), Vitamin C (*Ascorbic Acid in microencapsulated form*), Vitamin A, Vitamin E (*d-Tocopherol*).
